Robina Health Precinct

2 Campus Crescent
Robina, QLD, 4226

Hospital facilities

Gold Coast Health (GCH) delivers world-class healthcare to over 711,000 people in the Gold Coast and northern New South Wales region. We provide acute and sub-acute care in hospital and community settings across the region, including the state-of-the-art Gold Coast University Hospital, Robina Hospital, Varsity Lakes Day Hospital, Tugun Satellite Hospital and Robina and Southport Health Precincts.

Our major facilities are strongly aligned and co-located with local and internationally recognised universities. Staff have the opportunity to contribute to an innovative environment where medical research and teaching is embedded within our workplace. GCH is growing as a nationally and internationally recognised location for innovative medical research and health care.

Clinical Service Profile

Services offered across GCH include Medicine; Surgery and Critical Care; Family, Women's and Children; Maternity Services; Children's Services; Public Health Unit; and Mental Health. Chronic disease management is a key focus in our hospital and community care environments. GCH is working closely with health partners such as general practitioners to develop seamless support networks for patients and their families.

RMO Education and Training opportunities

The Gold Coast University Hospital and Robina Hospital are teaching facilities for doctors. Gold Coast Health is now training more medical students than any other hospital in Australia and more than 100 Interns commence their professional career with us each year. We continue to work with education providers such as Griffith University and Bond University on the Gold Coast, and University of Queensland in Brisbane to train our future health workforce. Regular education and SIM sessions are conducted in the clinical areas, large group and small group settings in which all junior doctors are encouraged to attend. You will be supported with your learning needs and provided with regular assessment and feedback to assist you achieve your professional goals. Junior doctors will be encouraged and supported to become involved in research and teaching, as research and education are priorities in GCHHS.

Employment conditions

The terms and conditions of employment are as per the relevant award, the Code of Conduct for the Queensland Public Service, Queensland Health Policies and GCH specified terms and conditions of employment. GCH has a commitment to the rural relief program. It is a mandatory requirement that all rotational House Officers with general registration participate in this program.

Available positions

The number of available positions can be subject to change and applicants should always discuss employment opportunities with preferred hospitals before submitting an application.

Community and lifestyle

The Gold Coast offers the opportunity to combine professional advancement, job satisfaction and relaxation into one fulfilling lifestyle. Enjoy an ideal year-round climate, endless golden surfing beaches and hectares of relaxing rainforest hinterland; it truly offers something for everyone. The Gold Coast provides all the conveniences of living in a modern city including great restaurants, fantastic shopping and sophisticated style and attractions such as five theme parks, wildlife adventures, arts, culture and much more. The Gold Coast Light Rail Station travels to Gold Coast University Hospital and public car parks are available at both major hospitals.
