

## Gold Coast Health **LEAP** Program

### **Business Analyst Intern (Pharmacy non-clinical)**

Robina Hospital

**An opportunity exists in the Pharmacy team. You'll be supervised by Amanda Batson, Director of Pharmacy.**

#### **About Gold Coast Health**

Gold Coast Health is one of Queensland's largest healthcare services. We operate three hospitals and many community facilities, all focused on delivering high-quality, patient-centred care. Our team is passionate about making a positive impact on the lives of our patients and the community.

#### **About the LEAP Program**

The Learning Experience Academic Placement (LEAP) program offers non-clinical internships for students who want to:

- Gain real-world experience in healthcare (without needing a clinical background)
- Work on meaningful projects that make a difference
- Explore career pathways in a dynamic and growing industry

#### **About the Team**

The Pharmacy Service provides medication management services across the Gold Coast Hospital and Health Service, through inpatient units, outpatient clinics and in all facilities where medicines are being utilised for care of patients.

Our team of over 80 pharmacists are assisted in their roles by 40 support persons made up of pharmacy technicians, pharmacy assistants, administration officers, purchasing and stores personnel.

#### **About the Role/Project**

The Pharmacy Team are seeking support in developing sustainable, reliable tools to analyse inventory adjustments and uncover both financial and product-related trends. By improving the way data is captured, interpreted, and reported, these tools will help the team gain

clearer visibility into the underlying causes of inventory variances. The overall objective is to identify opportunities for improvement and implement effective mitigation strategies that strengthen inventory controls, minimise material loss, and reduce unnecessary financial waste. This work will ultimately contribute to more efficient operations and better resource management across the pharmacy service.

## What we are looking for

The ideal candidate will be enthusiastic about using their skills and knowledge to gain hands-on experience working with data analysis and dashboard development (using Qlik ideally as in line with other dashboards used within Gold Coast Hospital and Health Service) and generation of reports from dashboards (using N-printing functionality). The student's ability to be proactive, express their ideas/solutions and maintain a high standard of professionalism will be key to success in this role.

## Area of Study

While not exclusively limited to, this opportunity would be best suited to students studying:

- Business - (Finance, Management, Logistics and Supply Chain); OR
- Data Science/Analytics

## Requirements and Time Commitment

**Placement:** 1 day per week for 12 weeks (14 September to 04 December 2026)

**Eligibility:** Must be enrolled at a tertiary institution (university or TAFE)

**Insurance:** Indemnity insurance form from your university required before starting

*\*Please note the time commitment may be negotiated to align with semester dates for academic credit where possible.*

## Accessibility

At Gold Coast Health, we value and celebrate the diversity of our employees and are dedicated to creating a workforce that reflects the diverse community we serve. Our Diversity and Inclusion team is always available to provide support and guidance to all employees and will promptly facilitate reasonable adjustments upon request.

## How to Apply

Submit your application to your University Work Integrated Learning (WIL) Coordinator / Career Development Team or directly via the [Gold Coast Health Careers Page](#).

In your application include:

- Current resume
- Contact details of 2 referees
- Academic transcript
- Cover letter (no more than 1-2 pages) outlining what you hope to gain from the experience.

# LEAP:•• Program
