

Towards a healthier Gold Coast

Gold Coast Health Research Week Conference

Early Program

Monday 27 th November	
5-7pm <i>Small lecture theatre</i>	Preconference Event: Turning Evidence into Better Health Outcomes Hosted by MHIQ, Griffith University Moderator: Professor Keith Grimwood
	Biobanking: Bridging the gap in translational clinical care <i>Professor Nigel McMillan, Program Director, Understanding Clinical Conditions</i>
	Making vascular access complications history <i>Professor Claire Rickard, Lead, Alliance for Vascular Access Teaching and Research (AVATAR); Professor, National Centre of Research Excellence in Nursing Interventions (NCREN)</i>
	Improving outcomes for vulnerable children: What we know and what we should do <i>Professor Sharon Dawe, Professor in Clinical Psychology</i>
	Assessing value for money in healthcare <i>Professor Paul Scuffham, Director, Centre for Applied Health Economics; Chair, Health Economics</i>
Tuesday 28 th November	
8.30-9am <i>Large lecture theatre</i>	Official opening and announcement of 2017 GCH/GCHF grant recipients <i>Chair: Professor Marianne Vonau AOM</i> Welcome to country Official Opening : Professor Allan Cripps AO
9-10am <i>Large lecture theatre</i>	Keynote presentation: Professor Paul Scuffham, Griffith University- Title TBD
10-10.30am	Morning tea supplied by Bond University
10.30-12am <i>Large lecture theatre</i>	Lightning Talks session 1 <i>Chair: Dr Paulina Stehlik/Professor David Henry, CREBP, Bond University</i> Lightning talks are 3 minute long presentations of research. These sessions will be a chance to view research in a dynamic and engaging format.
12-1pm	Lunch
1-2.30pm <i>Large lecture theatre</i>	Panel: Title TBD <i>Chair: Dr Shahina Braganza, Gold Coast Health</i> A panel discussion with a diverse group of panellists, on the topic of how to support the mental health of our health practitioners and grow resilience.
2.30-3pm	Afternoon tea
3-4pm <i>Large lecture theatre</i>	Themed session 1: Building efficiencies- saving time, saving money, saving patients Research which focuses on the idea of reducing use of health resources while maintaining a high standard of patient outcomes.
4-5.30pm	No scheduled events

5.30-7.30pm <i>Small lecture theatre</i>	Public forum: Dementia Caregiving and Technology <i>Chair: Professor Suzanne Chambers</i> Speakers: Professor Wendy Moyle, Griffith University Dr Theresa Scott, University of Queensland Professor Helen Chenery, Bond University Dr Jacqui Liddle, University of Queensland
Wednesday 29th November	
8.30-10am <i>Large lecture theatre</i>	Lightning Talks session 2 <i>Chair: Dr Paulina Stehlik/Professor David Henry, CREBP, Bond University</i> Lightning talks are 3 minute long presentations of research. These sessions will be a chance to view research in a dynamic and engaging format.
10-10.30am	Morning tea supplied by Griffith University
10.30-12pm <i>Large lecture theatre</i>	Panel: Better health through research <i>Chair: Dr Greta Ridley, A/Director Office for Research, Gold Coast Health</i> Join in a discussion with key researchers on integrating research and applied best evidence to transform healthcare.
12-1pm	Lunch supplied by Clinical Trial Unit, Griffith University
1-2.30pm <i>Large lecture theatre</i>	Themed session 2: Building our workforce capacity Research which investigates ways to develop and support our workforce.
1-2.30pm <i>Small lecture theatre</i>	Themed session 3: Identifying research hotspots Research which uncovers problem areas, or potential targets for future research or intervention.
2.30-3pm	Afternoon tea
3-4pm <i>Large lecture theatre</i>	Themed session 4: On the horizon Research on the cutting edge of health care, including preclinical work and new technologies.
3-4pm <i>Small lecture theatre</i>	Themed session 5: Improving patient experiences Research which investigates or aims to improve the patient experience of health care.
4-6pm <i>Foyer</i>	Ausbiotech networking event: BioCheers
Thursday 30th November	
8.30-10am <i>Large lecture theatre</i>	Themed session 6: Innovating service delivery Research which evaluates new forms of service delivery and models of care which aim to improve access, reduce cost, improve outcomes or enhance the patient experience.
8.30-10am <i>Small lecture theatre</i>	Themed session 7: Exploring health systematically Research which explores key health issues using a systematic research approach.
8.30-10am <i>Wattle room-level 2</i>	Workshop: Improving patient outcomes through quality activities and research – Asking the right questions
10-10.30am	Morning tea
10.30am-12pm <i>Large lecture theatre</i>	Themed session 8: Innovative education Research which focuses on innovative approaches to the education and training of health students and workers.
10.30am-12pm	Themed session 9: Observations from the floor Research which reviews our clinical practice, with the aim of learning more about a

<i>Small lecture theatre</i>	population, health condition or health issue.
10.30am-12.30pm <i>Wattle room-level 2</i>	Workshop: Improving patient outcomes through quality activities and research – How to translate knowledge into practice
12-1pm	Lunch
1-2pm <i>Large lecture theatre</i>	Themed session 10: Supporting healthy habits Research which focuses on supporting healthy habits in our patients and community, including diet and exercise.
2.00-2.30pm <i>Large lecture theatre</i>	Closing session Awards Ceremony and Closing Remarks
