

# Gold Coast Health Research, Quality and Innovation Week 16 – 20 November 2020

## Lightning Talk abstract submissions now open

Gold Coast Health in collaboration with its academic partners invite you to submit an abstract for a lightning talk at the Gold Coast Health Research, Quality and Innovation Week, 16 to 20 November.

This event brings together staff and students from Gold Coast Health, Bond, Griffith and Southern Cross Universities and other external partners to learn from each other, identify opportunities to form new collaborations and promote the outcomes of research, quality and innovation projects that lead to improvements in healthcare.

*Lightning talks will take place during designated sessions at the Gold Coast University Hospital and Robina Hospital. Speakers will be given three minutes to present their projects.*

For more information contact:
