

An improved website will make it easier to refer patients to our Gold Coast Health services.

Launching 2021

A single point of access for information regarding our services and how we deliver them

Integrated with Clinical Prioritisation Criteria (CPC), Smart Referrals and HealthPathways

Improved navigation across referral pathways and community-based services

Refined and efficient digitally enabled referral processes

Engagement has commenced with external referrers to support the website delivery. If you would like more information, please reach out to GCGPLU@health.qld.gov.au
