

Gold Coast University Hospital Transfer Unit access

The Gold Coast University Hospital Transfer Unit is conveniently located in C Block Basement at the back of the Gold Coast University Hospital.

Patient collection

We offer 15 minutes free parking for all patients who are discharged through our unit, in the safe pickup zone located in a **temporary carpark** off Frazer Street. This provides improved convenience for those picking up patients leaving the hospital via the Transfer Unit. Enter via the boom gate and park in any of the available 15-minute parking bays. A **shuttle bus** based at the car park is available to transport visitors to and from the Transfer Unit.
