

# Perioperative

D2 | Gold Coast University Hospital

A1 | Robina Hospital

Varsity Day Hospital

perioperative

GCHHS Perioperative services includes, Gold Coast University Hospital (GCUH), Robina Hospital and Varsity Day Hospital. The 30 operating theatres are used to perform surgical procedures covering a range of specialities for both elective and emergency patients. We provide patients with a high standard of care through their surgical journey. This includes the admission process, the surgical procedure, recovery and discharge. We provide a coordinated multidisciplinary approach in the management of the patient through their surgical journey, maintain standards as defined by ACORN to deliver optimum and safe care for patients, as well as creating a culture that supports staff in the investigation and implementation of 'best practice'.
